## Get Your Motor Running

Motorized M3  
Rotary-Style Gasket Cutter  
Part Number: AX7200

Cut accurate flange and ring gaskets with the Motorized M3 Rotary-Style Gasket Cutter. Perfect tool for fabricating multiple runs of the same-size gaskets quickly and efficiently. Designed primarily for non-metallic gasket materials such as cork, fiber, and rubber, up to 1/4" thick. Cuts gaskets with a face width of 1/4" to 7"; from 2" I.D. to 62" O.D. Mounts to any workbench with 1/4" bolts (not included).

### Key Features

- Heavy-duty, cast iron frame with 7" throat
- Durable, heat-treated tool steel, rotary cutting discs
- 1/6 Horsepower gear motor; 120 VAC
- Precision steel components
