ACCESS

GearWrench Air Impact Wrenches were designed to deliver the strength, speed, and access you require to do the job, backed by a **60-day risk-free trial**. The powerful twin-hammer impact mechanism is tuned for performance and reliability, while the one-hand control allows you to quickly switch from forward to reverse. GearWrench Air Impact Wrenches offer a compact, lightweight, balanced design, ensuring optimum comfort and the ability "GET IN. GET OUT. GET DONE."

Strength

- Powerful twin hammer impact mechanism is tuned for performance and reliability.
- Power and ruggedness backed by a 2-year warranty, no registration required.

Available in:
3/8", 1/2", 3/4" Drive Sizes

Access

- Contoured, lightweight handle ensures comfort and improved access in tight work spaces.
- Variable speed trigger for precise control.
- Silencer muffler included.

Speed

- One-hand forward and reverse control.
- Easy access variable speed dial.
