

48" LevelGuard Level Case

Model #: LC48
UPC: #049448524808

Keep your levels safe and protected with Johnson's LevelGuard® case. This tough, high-density molded case features structural contours to add strength, ensuring your level is protected when being transported to and from the jobsite and while being stored in between jobs. It is a perfect fit for any 48" standard frame box level. Its removable snap-on cap also makes accessing the level a snap!
