

Adjustable Cables Lockout – 8611 & S806

Adjustable Cable is for multiple circuit breaker panel and side-by-side gate valve lockouts

- ✓ Ideal to ensure definitive lockout of valves and multiple side-by-side circuit breaker panel. Prevents from accidental openings
- ✓ Can be locked out with 4 padlocks and more with a safety hasp
- ✓ For more adaptability, separate 4,50m cable available
- ✓ Possible to better adjust cable to valve or circuit breaker panel even when locked with a safety padlock
- ✓ Includes high-visibility permanent « Danger » and « Property of » safety labels (French, English and Spanish) that can be written-on to identify the responsible person, then erased for the next job

- ✓ New S806 cable version : 4mm diameter cable
- ✓ Length 1m80
- ✓ Can be locked out with 4 padlocks and more with a safety hasp
- ✓ Possible to better adjust cable to valve or circuit breaker panel even when locked with a safety padlock
